

Wisconsin Youth Company Swim Levels

Our swim levels are in place to ensure that parents/guardians choose an appropriate level for their camper's ability and confidence. Full descriptions are available on the swim and aquatic activity permission form in the registration packet. Please note the following information when choosing your camper's swim level:

Level 1 – Beginning Swimmer: level 1 swimmers will not be able to participate in many of the activities offered on Wander Wisconsin trips. All participants should be at least a swim level 2.

Level 2 – Swimmer: campers may swim within the designated swim area with water levels up to 6 feet. If a water park ride empties into water deeper than 6 feet, they may not use that ride. Level 2 swimmers may not use kayaks.

Level 3 – Advanced Swimmer: campers may use all available rides at water parks and participate in canoeing, tubing, kayaking and rafting activities as applicable.
